SUMMARY

Computer science student at HTL Anichstraße 4th grade of 5 with hands-on experience in SAP/ABAP development and AI innovation. Builds web platforms, automation tools, and AI applications; comfortable across Python, Java, C/C++, ABAP, SQL/MySQL (Docker), and embedded systems (ESP32/Arduino). Seeking software engineering internships and entry-level roles.

EDUCATION

HTL Anichstraße — **Innsbruck, AT**
Wirtschaftsingenieure – Betriebsinformatik (Programming Focus) — 09/2020 – current

- **Relevant coursework:** OOP (Java), Databases (MySQL/Postgres/Docker), Embedded Systems (ESP32/Arduino), Networks, Web Development, AI, Robotics, Economics

EXPERIENCE

ATSP GmbH — **Innsbruck, AT**
Software Development Intern – SAP / ABAP (Innovation) — 08/2026 – 09/2026

- Developed in ABAP as part of the innovation team, focused on bringing AI into SAP
- Built AI agents and AI-powered applications in SAP using Joule and Joule Studio
- Worked on innovation topics around AI integration in SAP business processes

Raitec GmbH — **Innsbruck, AT**
IT Intern (two internships) — 08/2024 & 08/2025

- Gained experience in cybersecurity, identity management (IDM), networking, and servers
- Worked on automation and software packaging
- Built a scripts dashboard that helps Raitec employees find database scripts quickly

CERTIFICATIONS

- **Claude Code in Action** – Anthropic (https://verify.skilljar.com/c/3v9nawwtkbkj) — 03/2026
- **Claude 101** – Anthropic (https://verify.skilljar.com/c/mmvdifa543y4) — 03/2026
- **AI Fluency: Framework & Foundations** – Anthropic (https://verify.skilljar.com/c/abjc3xx5w926) — 03/2026
- **IPMA® Level D – Certified Project Management Associate** – pma Austria — 05/2025

SELECTED PROJECTS

- **CerveLingua** – AI-driven language learning platform built for school and for the future
- **Smart FileContext Agent (Python)** – injects relevant project-file context into LLM queries
- **Autonomous 2-wheel self-driving car (Arduino Nano, 3× HC-SR04, L298N)** – differential drive with obstacle avoidance (L/M/R sensors) and speed control

SKILLS

- **Languages:** Python, Java, C/C++ (Arduino), ABAP, SQL, TypeScript, PowerShell, HTML/CSS/JS
- **SAP & AI:** SAP Joule, Joule Studio, AI agents in SAP, LLM integration
- **Tools:** Git/GitHub, Docker (basic), REST, React, n8n
- **Hardware:** ESP32, Arduino, PrusaSlicer, PC hardware

ADDITIONAL INFORMATION

- **Languages:** German (native), English (C1)
- **Podcast:** Co-creator and host of "The Lonely Chapter" (Spotify/YouTube/Web), since 11/2024
- **Interests:** AI, Web development, embedded systems, product design, endurance training, piano, project management, video creation, fashion
